## Articulation and Transfer Agreement

Between

### Austin Community College

And

### Angelo State University

#### **Statement of purpose:**

Austin Community College and Angelo State University hereby agree to an educational partnership to create a seamless transfer process for students transferring the Austin Community College associate degrees into baccalaureate major-based degree programs at Angelo State University.

#### **Terms and conditions:**

In order to establish and improve the transfer process for our mutual students, we agree to the following:

Austin Community College students who follow the recommended program of study and who meet all other admission requirements shall be eligible for admission to Angelo State University. Transfer students must meet the same standards and criteria for admission to a major degree sequence as a native Angelo State University student.

Austin Community College and Angelo State University will jointly develop transfer guides, transfer admission and course equivalency guides, utilizing both Austin Community College and Angelo State University course numbers for all majors offered at Angelo State University. By creating these guides, Austin Community College and Angelo State University assure students that courses listed in these guides are freely transferable between Austin Community College and Angelo State University.

Representatives from Austin Community College and Angelo State University will meet or make contact during July of each year to exchange course catalogs and update course equivalencies, transfer guides and transfer admission information to be used the subsequent academic year.

A student transferring to Angelo State University under this agreement will have definite acceptance of Austin Community College academic credit hours, with the following conditions:

1. Transfer students will receive academic credit for transferable college level courses only. All grades are accepted for transfer credit, even grades of "F". In this case, the course must be repeated at either Austin Community College or Angelo State University. Remedial/developmental and technical/vocational courses will not be accepted in transfer.
2. The student must have a cumulative GPA of 2.0 for admission to Angelo State University. Some majors may require a higher GPA.
3. Transfer students must earn a minimum of 33 semester credit hours in residence at Angelo State University in order to be considered for a baccalaureate degree.
4. Angelo State University will accept a total of 66 transfer credit hours from Austin Community College.

**Agreement continuation and dissolution:**

This agreement will be reviewed every two years, or any time changes are to be made by Austin Community College or Angelo State University. The Austin Community College President and the Angelo State University President, or their designees must approve amendments to this agreement. This agreement is effective upon signing by the involved parties, and each is free to publicize this partnership in a manner consistent with the agreement. This articulation agreement shall remain effective until one, or both, institutions deem it necessary to terminate it.

**Notice and requests:**

All notices, requests and other communication required shall be done in writing and delivered to:

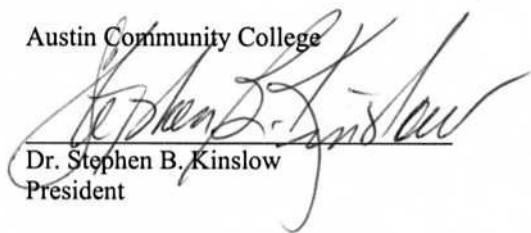

Austin Community College
