

# Aesthetic Laser Training

An introductory course designed to  
prepare entry level Laser Technicians

The ACC Health Professions Institute offers Aesthetic Laser Training, LOTT 1071, to help meet the workforce needs of Austin area aesthetic laser facilities. This 10-week, 80 contact hour course will prepare the student for employment in a growing field where lasers are being used to remove unwanted hair, reduce wrinkles, tighten skin and other aesthetic procedures.

The **ideal candidates** for this course are healthcare workers, at any levels of training, or aestheticians wanting to expand their knowledge and skills to work in a growing field. The course may also be taken by an individual who has no previous experience in healthcare or aesthetics. Individuals entering this field should like helping people, working with state-of-the-art equipment and wanting to expand their skills and increase their professional status.

**The curriculum was developed by Kushan LLC.** Kushan LLC provides the course instruction, books and other required materials. Training will include information about laser physics, tissue interactions, treatment precautions, patient assessment, specific treatment modalities, laser safety and regulations, follow-up care and office management skills.

**Tuition and Fees:** Tuition is \$1336.50, lab fees are \$500 and insurance is \$13.50. **The lab fee of \$500.00 is non refundable once the course begins.** Individuals should check the most recent Continuing Education Course Schedule for any updates on tuition and course information.

**Registration:** Payment of course fees are required at the time of registration. This course is approved for financial assistance. Please call (512) 223.7547 for further information. You may register in person (cash, check, credit card), by phone (credit card only), mail (check, credit card), fax (credit card) or online (credit card). ***Current Continuing Education Course Schedules can be obtained by calling (512) 223-7542.
