

APRIL IS ENVIRONMENTAL AWARENESS MONTH AT ACC

Join ACC for a month of activities celebrating the earth and education for a sustainable future.

Thursday, April 7 • 11am–1pm

The Sustainability Fair: Focus on Food and Sustainable Agriculture

Learn about eating and gardening the sustainable way, and test your sustainable living knowledge in a friendly game. Light refreshments will be available.

Location: ACC Rio Grande Campus, 1212 Rio Grande St., Student Lounge

Hosted by: ACC Students for Environmental Outreach

Friday, April 15 • 6–8:15 pm

Water is NOT Everywhere: Water Awareness/Conservation Fair

Special presentation by Dr. Bruce Darling, 7–7:45 pm

Visit different conservation-focused information booths and enjoy a special presentation by ACC Geology Professor Dr. Bruce Darling about his work with Hydrogeologists Without Borders to bring potable water to Kenyan villagers.

Location: ACC Northridge Campus, 11928 Stonehollow Dr., Building 4000, Auditorium Lecture Hall

Hosted by: ACC Students for Environmental Outreach and ACC Physical Sciences/Geology Department

Monday, April 18 • 6–8:30 pm

Earth Fair: Get the Facts!

Get the facts about the impact of global warming on Texas, eating/growing local, and use of alternative forms of energy. Vendors will also be on hand to demonstrate their green services/mission. Light refreshments will be available.

Location: ACC Eastview Campus, 3401 Webberville Rd., Multipurpose Room 8500

Hosted by: Center for Student Political Studies, Department of History, and Center for Public Policy and Political Studies at ACC

All events are free and open to the public.

Fan and follow ACC for coverage of these and other Environmental

Awareness Month events: facebook.com/ACCDistrict | twitter.com/ACCDistrict
