

Health Sciences Information Summary

[Back to Health Science Home](#)

Professional Risks: - Interactions with clients in the health care system carry inherent risks to both the client and the caregiver. Participation in health science programs may expose the student to injury, infectious diseases or other illnesses. The College will not be responsible for any illness or injury, or the results of infectious contact which occurs during participation in these programs. Additionally, students may be required to self disclose health information relative to infectious diseases.

PROGRAM	Radiology (RADR) – AAS Degree (72 credit hours)
Web Site	www.austincc.edu/health Email: healthsciences@austincc.edu
Department Chair	Rudy Garza 5122 223 5869/223 5700
Length	AAS 2 Years (6 semesters) plus pre-requisites
Students Admitted	50 Fall (beginning fall 2010 there will be a minimum 20 accepted for the Round Rock campus)
Sample Schedule	1st Year: Fall; Monday/Wednesday lecture and lab; Spring; Monday/Wednesday 8 to 4:30, Tuesday/Thursday 7:30 to 4; Summer; Monday/Wednesday 9 to 11, Tuesday/Thursday 7:30 to 4, Friday 12:30 to 4 2nd Year: Fall, spring and summer: Monday/Wednesday/Friday 7:30 to 4, Tuesday/Thursday 9 to 11
Prerequisites	BIOL 2404 – Introduction to Anatomy and Physiology* MATH 1314 – College Algebra (Please note that College Mathematics MATH 1332 is <u>NOT</u> acceptable). <u>Pre-requisites:</u> must be completed in the fall semester or prior to in order to apply. No spring coursework will be considered. <u>NOTE:</u> Due to the competitive nature of the applicant pool in recent years, students who have the best chance for being admitted, generally have all academic coursework completed (pre-requisites and co-requisites) at the time of application. *Introduction to Anatomy and Physiology must be completed within 5 years of application date or be repeated.
Minimum GPA	2.0 Grade Point Average – Program is coursework and grade point average driven - extremely competitive.
Testing Requirement	Students must meet TSI requirements only.
Deadline	February 1 st
Special Requirement	Mandatory Information Session available on-line (see website). Post test completion confirmation to be printed and included as part of the application packet. Applications available on-line to be downloaded and printed or at the EVC, building 8000, room 8356. Applications can be re-activated for up to 3 years and applicants need not re-apply.
Est. Starting Salary	\$20 to 23.00/hour
Applicant Characteristics	Strong math skills, motivated learner, goal oriented, well-developed study skills. Excellent reading comprehension skills. Effective verbal and writing communication skills in English. Physical ability to lift and move patients. Good visual acuity to discern details on x-ray films, and good auditory acuity. Ability to stand for long periods of time, and good manual dexterity. Program Accreditation: Joint Review Committee on Education in Radiology Technology – www.jrcert.org (312) 704-5300 (this is a national test with State licensure). Credentialing Exam: graduates sit for exam administered by the American Registry of Radiologic Technologists – www.arrt.org – (651) 687-0048.
