

MRIMagnetic Resonance Imaging – UNDECLARED MAJOR

The MRI Program offers two (2) educational options: certificate and professional growth opportunities. Requirements and processes are different for the 2 options. Please complete this form to indicate your educational goals. This program is available through college credit and continuing education.

I, _____, certify that I do **NOT** wish to declare MRI as my major. My educational goal is to take some or all of the following courses, specifically for professional growth only.

Course Listings:

Fall Semester

RADR 2271 Sectional Anatomy and Patient Care
MRIT 2230 Principles of Magnetic Resonance Imaging

Spring Semester

MRIT 2276 Magnetic Resonance Physics and Procedure

If I decide I need to attend the clinical, I understand that I must comply with the admission requirements of the program by submitting the required completed immunization form, application to the MRI program along with a successfully completed criminal background check.

I understand that I must be currently employed in MRI or have documented experience in MRI.

I understand that there may be a delay in starting the program because I did not declare MRI as my major.

I have had the opportunity to ask questions about the program and understand the specific requirements regarding the application process

By checking this box I agree to the above statements and that I will NOT be attending clinicals.
