

Parking

Austin Community College Level 1 nursing students will have University of Texas Class C (Surface Commuting Student) parking privileges in the 108 Parking Lot on the south side of the Frank Irwin Center.

Entrance to the parking lot is available from:

- **Interstate 35 access road before the 15th Street traffic light**
- **The 1500 block of Red River**

Use the below Link to UT parking and navigate to the Frank G. Erwin Center 108 parking lot.

**Guidelines for Identification Badges and Parking
for Students / Instructors with Educational and/or Clinical Rotations**

Identification Badges

1. **For safety and security reasons, all students and instructors must wear Seton-issued ID badges whenever they are in a SETON facility.**
2. **To obtain the ID badge initially, the student/instructor brings the following to either of the Seton badge offices:**

High School Students:

School-issued picture ID badge.

Completed form, "Student/Instructor ID Badge and Parking Application" (attached). Please note that the form requires the instructor's signature and a copy of the school badge.

College/University Students and all Instructors:

One of the following government-issued identifications: drivers license, or state-issued ID. (A school-issued ID badge will not meet this qualification.)

Completed form, "Student/Instructor ID Badge and Parking Application (attached). Please note that, for students, an instructor's signature is required.

Badge Offices:

- Seton Medical Center—ground floor, between Housekeeping and Plant Operations; open 0800-1600, Monday through Friday.
- Brackenridge Hospital—in Security Office on street level of Brackenridge Parking Garage; open 0800-1600, Monday through Friday.

3. **The initial identification badge requires a \$10 refundable deposit. If parking access is added, there may be additional charges (see parking guidelines below). The badge may be replaced for a non-refundable fee of \$5.**
4. **A student or instructor may use the same SETON ID badge from semester to semester. However, it must be reactivated in an ID Badge Office at the beginning of each subsequent semester in which the student/instructor is in a SETON facility.**
5. **To reactivate a badge, the student/instructor completes another application form (as above) and takes it, with the deactivated badge, to either of the badge offices.**
6. **At the conclusion of rotations at SETON facilities, the student/instructor may return the badge to either badge office, for a refund of the \$10 deposit.**
