Discussion: Electronic Newsletter

The first edition of ACC's electronic newsletter is scheduled to be distributed this week to faculty, staff, "key friends" and college supporters. New readers will be given the opportunity to opt-in for subscriptions. The name of the newsletter is yet to be decided. Name suggestions are being collected and it's announcement to be given prior to the next edition. Newsletter to be written in blog style with comment capability.

Discussion: Campus Postings (follow up from May meeting)

Brette Lea will tour campuses and review how existing postings are handled. Recommendations will be made after tours. Eastview campus is open to yard signs and chalk on sidewalks. Both Linda Haywood (Northridge) and Juanita Mendez (Eastview) were interested in a common area (column or something similar) that could be erected in an area on the campuses for postings.

Discussion: Call for testimonials

Brette Lea and PICM will begin collecting names of current, past, future students, faculty or staff that have been influenced or "touched" by ACC. An external call for community testimonials will be made.

Discussion: Swag

PICM is ordering white vinyl auto decals that will be given to students to adhere to their rear vehicle windows. If successful it may be recommended that these be made available for purchase through the ACC bookstores.
