

Web Committee Meeting Minutes
May 11, 2006

Members in attendance: Edward Terry, Terry Arzola, Margret Peloquin, Rachel Lanham, Derek Thomas

Guest: Linda Kluck

Content on homepage: The feedback on photos included on the news release section of the home page has been positive. More photos to be added and changed continually. There are some calendar issues (homepage vs. faculty & staff). Users have found the calendar program to be useful and have had an increase in attendee participation at events.

Office of Students with Disabilities: A link to “Students with Special Needs” has been requested. The question is how far the college should extend itself without making students feel that they have to reveal their needs.

Internal template: An internal template has been used and is comprised of links taken (customizable) from the main home page. Color schemes have also been included so that the users can be given the option to choose the look that they prefer.

Sample - <http://www.austincc.edu/eterry/internal/index.php>

InsideACC personalized home page: A personalized home page is in the works. This page will allow employees as well as students pick what they want to see when they first log on to the ACC site. People will be given the options to choose subjects to suit their specific needs and uses. Sample - <http://lela.austincc.edu/insideacc/>

Next meeting to be held June 8 at 9 a.m., room TBA
