

Weekly Homework Report. MATH 1342. (Due in class on the first day of class each week.)

During the week that just ended, here is an approximate list of the problems **that I read the solution to**:

Chapter ___: _____

Chapter ___: _____

Chapter ___: _____

Chapter ___: _____

During the week that just ended, here is an approximate list of the problems that **I worked on the solution myself** before reading the solution to it (in the text or in the Study Guide.)

Chapter ___: _____

Chapter ___: _____

Chapter ___: _____

Chapter ___: _____

During the week that just ended, here is the approximate number of problems that **I worked correctly** before reading the solution.

Chapter ___: _____

Chapter ___: _____

Chapter ___: _____

Chapter ___: _____

I understand that I must turn in all this work I did in the homework folder after the test and, if I claim something here that I haven't done, it will make my life much more difficult this week as I try to do what I claimed I already did and also meet the requirements for the new material. So I have only claimed what I actually did during this week that ended.
