

Dear ACC Student:

Good news. ACC is partnering with Google to provide all students registering for the fall semester with an ACC-branded e-mail address.

Beginning September 15 this new service will provide a uniform method for you to communicate with your instructors. There is no advertising, and you can keep the service for life.

For the fall semester, your new e-mail address will be used solely for person-to-person communication. You will continue to receive official college communications via U.S. mail until further notice.

Visit [austincc.edu/google](http://austincc.edu/google) for more information.
