

Effectiveness Update

Student Retention Effectiveness Measures Report for Academic Year 1998-99

PURPOSE

To provide consistent, campus-wide programs and services that increase the likelihood that students will remain in college and complete their degree or certificate program.

INTENDED OUTCOME

1A. First Time in College (FTIC) degree seeking students enrolled at ACC in the fall semester will return the following spring semester (Fall-to-Spring Retention Rate).

CRITERION

Based on data provided by the THECB, the percentage of FTIC degree-seeking students enrolled in the fall semester who return the following spring semester will be higher than the state average.

RESULTS

Based on the THECB *1998 Annual Data Profile* the percentage of FTIC degree-seeking ACC students enrolled in Fall 1996 who returned in Spring 1997 (58.6%) is 7.3 percent below the statewide average return rate of 65.9% for that same time period. ACC's return rate is below the statewide return rate in the three major degree categories tracked by the THECB.
