## Useful Terms

**Headcount** - the number of students enrolled in one or more courses. This number may be duplicated or unduplicated.

**Enrollment** - the number of courses students have registered for.

## **Continuing Education Overview**

Continuing Education programs at Austin Community College are conducted in the following areas:

Center for Teacher Certification provides training for those with a bachelor's degree and subject competency to become teachers in Texas. Candidates enter an internship as a first-year teacher and finish with a teaching certificate. Educator training is also available for professional development and additional certifications, training for instructional aides, online substitute teacher training, and childcare classes.

Community Programs provide a variety of programs to challenge the creative mind, increase and refine vocational skills, and develop individuals personally. Community Programs provide a wide range of programs that promote lifelong learning. The Home and Garden program was awarded a National Exemplary Program Award.

Interior Design Institute includes Floral Design, Landscape Design, and Horticulture. These programs offer premier training for individuals wanting to enter the specific industries.

Institute of Language and Culture provides a variety of language classes which focus on speaking skills in a language.

Personal Enrichment provides other programs that include recreational courses, arts and crafts, photography, financial seminars, State Theatre classes, Event and Wedding Planning, Assessment Test Preparation and many more.

Customized Training provides a one-stop source for training solutions for business, industry, and governmental agencies. By collaborating with organizations to analyze learning needs, Customized Training will tailor educational experiences that will develop employee talent and improve performance. Programs are flexible, on target, convenient and a value-added resource, making Customized Training a partner in improved business results.

Workforce Development Center is designed to provide a wide range of training and educational opportunities for individuals getting started in the workplace, furthering their current careers, or working to meet licensure/certification requirements. The Center is made up of three Institutes that cover a wide range of industries.

Health Professions Institute provides entry-level training opportunities for individuals beginning their career in healthcare. The Health Professions Institute also provides continuing education opportunities for current healthcare professionals needing this education as part of their recertification, relicensure, and/or professional development.

High Technology Institute provides technology training through practical hands-on instruction for both new and experienced users. Courses range from computer fundamentals to web authoring, from software programming to AutoCAD training. The Technical Certification Programs include: Cisco, Oracle, Linux, CompTIA, Sun, Project Management, Microsoft, Video Game Development and more.

Business & Industry Institute provides training for those starting or transitioning to a new career, meeting professional continuing education requirements, or simply expanding upon their existing skills in a variety of industry specific program areas. Program areas include job entry training, business development, professional development, professional continuing education, and apprenticeship training.
