How to read the table: This table analyzes the grade distributions by term of FTIC students in the selected course by ethnicity, gender and Pell status. For example, in Fall 2006, of the White males who were not Pell recipients, 50.0% earned a grade of A, B, or C, 22.8% earned a grade of D or F, and 27.2% earned a grade of W.

Table 12, MATD-0390, Grades for FTIC Students
