VP for Workforce Education and Business Development

The Internal College Survey was administered on the web to ACC employees in Summer 2006. Respondents were asked to rate their satisfaction with overall quality, promptness of service, and the service attitude provided by support offices in the previous year. The survey was designed to reflect the organizational structure of ACC in Fall 2005; therefore, all analysis is based on that structure. There were 481 respondents to the survey.

Who uses this office?

Of the 481 survey respondents, 59 (12.3%) reported having requested or received services from the Office of the VP for Workforce Education and Business Development in the past year. Of those respondents:

- 75% (44 respondents) were Non-faculty (includes Administrators, Classified Employees, and Professional/Technical Employees);
- 19% (11 respondents) were Full-time Faculty;
- 7% (4 respondents) were Adjunct Faculty (includes Continuing and Adult Education Faculty).

How satisfied are employees with overall services from this office?

Results of the Summer 2006 Internal College Survey indicate slight increases in mean satisfaction for overall quality, promptness and service attitude from Spring 2005. Mean satisfaction with these service dimensions increased substantially from 2003 to 2004, declined somewhat from 2004 to 2005 and have now increased to be slightly above the 2004 levels for overall quality and service attitude.
For each office survey respondents were asked if they had used the services of that office during the past year. If they indicated they had used the services of the office they were then directed to an additional screen where they were asked to rate their satisfaction with the office on overall quality, promptness and service attitude. Not every employee responded to all questions about an office. Survey respondents also had the option of rating "not applicable" on the three dimensions of service and these responses are excluded from the analysis. Thus, the total number of respondents for each question might vary, yielding slightly different Ns.

Dean, Business Studies

The Internal College Survey was administered on the web to ACC employees in Summer 2006. Respondents were asked to rate their satisfaction with overall quality, promptness of service, and the service attitude provided by support offices in the previous year. The survey was designed to reflect the organizational structure of ACC in Fall 2005; therefore, all analysis is based on that structure. There were 481 respondents to the survey.

Who uses this office?

Of the 481 survey respondents, 58 (12.1%) reported having requested or received services from the Office of the Dean of Business Studies in the past year. Of those respondents:
- 72% (42 respondents) were Non-faculty (includes Administrators, Classified Employees, and Professional/Technical Employees);
- 21% (12 respondents) were Full-time Faculty;
- 7% (4 respondents) were Adjunct Faculty (includes Continuing and Adult Education Faculty).

How satisfied are employees with overall services from this office?

Results of the Summer 2006 Internal College Survey indicate substantial increases in mean satisfaction for overall quality, promptness and service attitude from Spring 2005. Mean ratings of satisfaction with service attitude have consistently tracked slightly above the other two dimensions.
For each office survey respondents were asked if they had used the services of that office during the past year. If they indicated they had used the services of the office they were then directed to an additional screen where they were asked to rate their satisfaction with the office on overall quality, promptness and service attitude. Not every employee responded to all questions about an office. Survey respondents also had the option of rating “not applicable” on the three dimensions of service and these responses are excluded from the analysis. Thus, the total number of respondents for each question might vary, yielding slightly different Ns.

Dean, Computer Studies and Advanced Technology

The Internal College Survey was administered on the web to ACC employees in Summer 2006. Respondents were asked to rate their satisfaction with overall quality, promptness of service, and the service attitude provided by support offices in the previous year. The survey was designed to reflect the organizational structure of ACC in Fall 2005; therefore, all analysis is based on that structure. There were 481 respondents to the survey.

Who uses this office?

Of the 481 survey respondents, 62 (12.9%) reported having requested or received services from the Office of the Dean of Computer Studies and Advanced Technology in the past year. Of those respondents:

- 69% (43 respondents) were Non-faculty (includes Administrators, Classified Employees, and Professional/Technical Employees);
- 21% (13 respondents) were Full-time Faculty;
- 10% (6 respondents) were Adjunct Faculty (includes Continuing and Adult Education Faculty).

How satisfied are employees with overall services from this office?

Results of the Summer 2006 Internal College Survey indicate moderate increases in mean satisfaction for overall quality, promptness and service attitude from Spring 2005. Mean satisfaction with these service dimensions did decline from 2003 to 2005 but has now climbed up to be at or slightly above its 2003 levels, and for the past three surveys service attitude has tracked slightly above the other two service dimensions.
For each office survey respondents were asked if they had used the services of that office during the past year. If they indicated they had used the services of the office they were then directed to an additional screen where they were asked to rate their satisfaction with the office on overall quality, promptness and service attitude. Not every employee responded to all questions about an office. Survey respondents also had the option of rating “not applicable” on the three dimensions of service and these responses are excluded from the analysis. Thus, the total number of respondents for each question might vary, yielding slightly different Ns.

Executive Dean, Health Sciences

The Internal College Survey was administered on the web to ACC employees in Summer 2006. Respondents were asked to rate their satisfaction with overall quality, promptness of service, and the service attitude provided by support offices in the previous year. The survey was designed to reflect the organizational structure of ACC in Fall 2005; therefore, all analysis is based on that structure. There were 481 respondents to the survey.

Who uses this office?

Of the 481 survey respondents, 67 (13.9%) reported having requested or received services from the Office of the Executive Dean of Health Sciences in the past year. Of those respondents:

- 75% (50 respondents) were Non-faculty (includes Administrators, Classified Employees, and Professional/Technical Employees);
- 19% (13 respondents) were Full-time Faculty;
- 6% (4 respondents) were Adjunct Faculty (includes Continuing and Adult Education Faculty).

How satisfied are employees with overall services from this office?

Results of the Summer 2006 Internal College Survey indicate moderate increases in mean ratings of satisfaction for overall quality, promptness and service attitude from Spring 2005. Mean ratings after decreasing slightly from 2003 to 2004 have now climbed up to be above their 2003 levels.
For each office survey respondents were asked if they had used the services of that office during the past year. If they indicated they had used the services of the office they were then directed to an additional screen where they were asked to rate their satisfaction with the office on overall quality, promptness and service attitude. Not every employee responded to all questions about an office. Survey respondents also had the option of rating “not applicable” on the three dimensions of service and these responses are excluded from the analysis. Thus, the total number of respondents for each question might vary, yielding slightly different Ns.

The survey was designed to reflect the organizational structure of ACC in Fall 2005; therefore, all analysis is based on that structure. There were 481 respondents to the survey.

**Who uses this office?**

Of the 481 survey respondents, 73 (15.2%) reported having requested or received services from Adult Education in the past year. Of those respondents:
- 78% (57 respondents) were Non-faculty (includes Administrators, Classified Employees, and Professional/Technical Employees);
- 15% (11 respondents) were Full-time Faculty;
- 7% (5 respondents) were Adjunct Faculty (includes Continuing and Adult Education Faculty).

**How satisfied are employees with overall services from this office?**

Results of the Summer 2006 Internal College Survey indicate slight decreases in mean ratings of satisfaction for overall quality, promptness and service attitude from Spring 2005. Since 2003 mean satisfaction for all three service dimensions have fluctuated somewhat but have remain below their 2003 levels.
For each office survey respondents were asked if they had used the services of that office during the past year. If they indicated they had used the services of the office they were then directed to an additional screen where they were asked to rate their satisfaction with the office on overall quality, promptness and service attitude. Not every employee responded to all questions about an office. International Programs

The Internal College Survey was administered on the web to ACC employees in Summer 2006. Respondents were asked to rate their satisfaction with overall quality, promptness of service, and the service attitude provided by support offices in the previous year. The survey was designed to reflect the organizational structure of ACC in Fall 2005; therefore, all analysis is based on that structure. There were 481 respondents to the survey.

Who uses this office?

Of the 481 survey respondents, 42 (9%) reported having requested or received services from the Office of International Programs in the past year. Of those respondents:

- 76% (32 respondents) were Non-faculty (includes Administrators, Classified Employees, and Professional/Technical Employees);
- 21% (9 respondents) were Full-time Faculty;
- 2% (1 respondents) were Adjunct Faculty (includes Continuing and Adult Education Faculty).

How satisfied are employees with overall services from this office?

Results of the Summer 2006 Internal College Survey indicate slight increases in mean satisfaction for overall quality, promptness and service attitude from Spring 2005. Mean satisfaction with overall quality and promptness have increased since 2004. However service attitude remains slightly below its 2004 level.
For each office survey respondents were asked if they had used the services of that office during the past year. If they indicated they had used the services of the office they were then directed to an additional screen where they were asked to rate their satisfaction with the office on overall quality, promptness and service attitude. Not every employee responded to all questions about an office. Survey respondents also had the option of rating “not applicable” on the three dimensions of service and these responses are excluded from the analysis. Thus, the total number of respondents for each question might vary, yielding slightly different Ns.

Business Assessment Center

The Internal College Survey was administered on the web to ACC employees in Summer 2006. Respondents were asked to rate their satisfaction with overall quality, promptness of service, and the service attitude provided by support offices in the previous year. The survey was designed to reflect the organizational structure of ACC in Fall 2005; therefore, all analysis is based on that structure. There were 481 respondents to the survey.

Who uses this office?

Of the 481 survey respondents, 30 (6.2%) reported having requested or received services from the Business Assessment Center in the past year. Of those respondents:

- 90% (27 respondents) were Non-faculty (includes Administrators, Classified Employees, and Professional/Technical Employees);
- 7% (2 respondents) were Full-time Faculty;
- 3% (1 respondents) were Adjunct Faculty (includes Continuing and Adult Education Faculty).

How satisfied are employees with overall services from this office?

Results of the Summer 2006 Internal College Survey indicate moderate increases in mean ratings of satisfaction for overall quality, promptness and service attitude from Spring 2005.
For each office survey respondents were asked if they had used the services of that office during the past year. If they indicated they had used the services of the office they were then directed to an additional screen where they were asked to rate their satisfaction with the office on overall quality, promptness and service attitude. Not every employee responded to all questions about an office. Survey respondents also had the option of rating “not applicable” on the three dimensions of service and these responses are excluded from the analysis. Thus, the total number of respondents for each question might vary, yielding slightly different Ns.

The Internal College Survey was administered on the web to ACC employees in Summer 2006. Respondents were asked to rate their satisfaction with overall quality, promptness of service, and the service attitude provided by support offices in the previous year. The survey was designed to reflect the organizational structure of ACC in Fall 2005; therefore, all analysis is based on that structure. There were 481 respondents to the survey.

Who uses this office?

Of the 481 survey respondents, 59 (12.3%) reported having requested or received services from Community Programs in the past year. Of those respondents:

- 81% (48 respondents) were Non-faculty (includes Administrators, Classified Employees, and Professional/Technical Employees);
- 14% (8 respondents) were Full-time Faculty;
- 5% (3 respondents) were Adjunct Faculty (includes Continuing and Adult Education Faculty).

How satisfied are employees with overall services from this office?

Results of the Summer 2006 Internal College Survey indicate moderate increases from Spring 2005 in mean ratings of satisfaction for overall quality, promptness and service attitude. Mean ratings for all three service dimensions increased from 2003 to 2004, and then declined from 2004 to 2005 before increasing this past year to levels above those in 2003. Mean ratings for service attitude have tended to track above the other two dimensions. The only exception to this is in 2005 when ratings for service attitude were lower than overall quality.
For each office survey respondents were asked if they had used the services of that office during the past year. If they indicated they had used the services of the office they were then directed to an additional screen where they were asked to rate their satisfaction with the office on overall quality, promptness and service attitude. Not every employee responded to all questions about an office. Survey respondents also had the option of rating “not applicable” on the three dimensions of service and these responses are excluded from the analysis. Thus, the total number of respondents for each question might vary, yielding slightly different Ns.

Continuing Education Business Operations

The Internal College Survey was administered on the web to ACC employees in Summer 2006. Respondents were asked to rate their satisfaction with overall quality, promptness of service, and the service attitude provided by support offices in the previous year. The survey was designed to reflect the organizational structure of ACC in Fall 2005; therefore, all analysis is based on that structure. There were 481 respondents to the survey.

Who uses this office?

Of the 481 survey respondents, 31 (6.4%) reported having requested or received services from the Continuing Education Business Operations in the past year. Of those respondents:

- 94% (29 respondents) were Non-faculty (includes Administrators, Classified Employees, and Professional/Technical Employees);
- 6% (2 respondents) were Adjunct Faculty (includes Continuing and Adult Education Faculty).

How satisfied are employees with overall services from this office?

Results of the Summer 2006 Internal College Survey indicate slight increases in mean ratings of satisfaction for overall quality, promptness and service attitude from Spring 2005. Mean ratings after decreasing from 2003 to 2004 have now climbed up to be at or slightly above their 2003 levels.

Health Professions Institute

The Internal College Survey was administered on the web to ACC employees in Summer 2006. Respondents were asked to rate their satisfaction with overall quality, promptness of service, and the service attitude provided by support offices in the previous year. The survey was designed to reflect the organizational structure of ACC in Fall 2005; therefore, all analysis is based on that structure. There were 481 respondents to the survey.

**Who uses this office?**

Of the 481 survey respondents, 53 (11.0%) reported having requested or received services from Health Professions Institute in the past year. Of those respondents:

- 75% (40 respondents) were Non-faculty (includes Administrators, Classified Employees, and Professional/Technical Employees);
- 19 (10 respondents) were Full-time Faculty;
- 6 (3 respondents) were Adjunct Faculty (includes Continuing and Adult Education Faculty).

**How satisfied are employees with overall services from this office?**

Results of the Summer 2006 Internal College Survey indicate moderate increases in ratings of satisfaction for overall quality, promptness and service attitude from Spring 2005. Mean ratings after decreasing from 2003 to 2005 have now climbed up to be close to their 2003 levels.
For each office survey respondents were asked if they had used the services of that office during the past year. If they indicated they had used the services of the office they were then directed to an additional screen where they were asked to rate their satisfaction with the office on overall quality, promptness and service attitude. Not every employee responded to all questions about an office.
