Unit Review Leader: Pat Abbott
Unit Name: ACCTech (formerly Tech Prep)

1.

What improvements have been planned/implemented:

Transition department from grant funded program to on-going college program.

2.

How did you decide that these improvements would benefit your unit or what weakness is the unit trying to improve:

We are trying to overcome the catastrophic weakness of no funding.

3.

Measures: what measures are going to be used to determine if the improvements were successful.

The program will resume all necessary services to support articulation agreements.

3a. Baseline data: the data used to determine improvements were needed

Baseline Data used for 2010-2011 School Year.

Articulation Agreement Workshops held in 21 college program areas.

14,990 students were enrolled in the program.

4,161 students collected credit in escrow.

3b. Target goals: the data that shows your improvements have achieved your goals

The program will resume annual articulation workshops to support articulation agreements in 2012-2013.

The number of students enrolled in the program will remain constant or increase.

The number of students collecting credit in escrow at ACC will remain constant or increase.

3c. Current data: where you are currently in reaching your target

Two articulation workshops have been held in 2011-2012.

15,260 students enrolled in the program.

2,981 students collected credit in escrow to date (06/21/12) still two months to go.

Narrative:

Our progress is right on target. We will resume holding articulation workshops in the fall. Our student numbers are remaining fairly constant and we offered our first cost-based professional development session this summer. Very happy with the support received from all departments on continuation of program.
