Issues Considered:

**Important Note:** *Academic Calendar* holiday and break inclusive dates indicate the entire period during which no classes are held and College offices are officially closed; **weekend days that fall into a holiday or break period are not paid employee holidays.**

Instructional departments are responsible for ensuring that class meeting times are adjusted to comply with minimum contact hour requirements when holidays or weekend closed dates impact scheduled classes.

**Weekends on which the college is closed but are not paid employee holidays for FY10 are as follows:**

November 27 and 28, 2010  
March 19 and 20, 2011  
April 24, 2011

- The maximum of 19 holiday days are provided, as per ACC Administrative Rule 6.10.006
- Monday through Wednesday prior to the Thanksgiving holiday are confirmed ACC class meeting days.
- Spring break dates match the UT-Austin and the (still tentative) Austin ISD spring break schedules.
- All semester end dates allow time for grade posting, transcript production, academic standings calculation, and student notification.
- Summer semester start and end dates allow for maximum enrollment flexibility for visiting students from a variety of in- and out-of-state senior institutions.
- Sufficient break between end of summer and beginning of fall semesters allows faculty prep time.
- Proposed calendar closely mirrors current year's (FY10) approved calendar, promoting scheduling consistency for planning purposes.
