Published Course	Y	Y
Course Fees		
1	FODDC - 40.00	FODDC - 40.00

Ignore Min Students Per Section errors. [These were generated when we changed the percentage used in the calculation from 65% to 70%].

If the Datatel column is correct and the application is in error, reconcile the application. A justification must be entered before selecting the Reconcile button.

Terms Offered and title Start Term are not reflected correctly in the Datatel column. Datatel uses dates. IE., 08/26/06 should show term 206F000. [Reconcile if remaining information in Datatel column is correct]

If the application is correct and Datatel is incorrect, make correction in Datatel. DO NOT finalize the Reconciliation Report. Let the file update overnight. Check Reconciliation Errors report the following day to see if it matches between Datatel and CMS, if yes, reconcile.

A justification must be entered before selecting the Reconcile button.
