Preliminary discussion:

The SGRC process of annual review requires the council to send employee associations proposals regarding changes to the shared governance structure and membership. The SGA and FTF associations are preparing proposals for the council to distribute.

The SGA asked for clarification regarding stipend payment procedures for substitute attendees of councils and committees. Associations must notify one of the SGRC co-chairs know who is the designated rep for that meeting.

Business

A motion was made to vote on SGA's verbal requests for representation on committees which they have been attending but are not currently voting members: Assessment & Advising, Distance Learning, and Environmental Health and Safety. The motion was seconded and passed by acclamation.

A motion was made by the FTF and seconded that an Office of Ombudsmen be established at ACC which should conform to the Ombudsman "Code of Ethics" and "Standards of Practice." The motion was seconded and passed by acclamation.

It was suggested that the presidents of associations meet to build a case that would accompany the proposal.
