

# Quick Reference Equivalency Guide

This listing is intended to be a quick reference for courses often taken at ACC for transfer to area institutions as well as the institutions to which students most frequently enroll after attending ACC. **This guide is NOT a complete listing of transferable courses.** Please consult the complete equivalency guide for the institution to which you intend to transfer your ACC coursework. It is also recommended that you contact your transfer institution to verify transferability of ACC coursework and requirements for your major. ACC courses in **bold** denote those included in the ACC Core Curriculum. A complete listing of the ACC Core and additional transfer information such as admissions criteria, complete equivalency guides and transfer guides for specific majors can be found on the web at [www.austinncc.edu/transfer](http://www.austinncc.edu/transfer) or in an ACC Advising or Counseling & Career Center. **NOTE:** All course prerequisites for ACC courses must be met regardless of the requirements for its university equivalent. Please consult the ACC catalog for prerequisite requirements.

**ELNA** = elective credit, non-advanced. **No equiv** = no direct equivalent, may transfer by title. **FLAB** or **SLAB** = freshman or sophomore lecture + lab credit.

The listing below is based on information available at the time of print. Please consult the web at the address above for the most up-to-date equivalency information.

\* ACC is a member of the Texas Common Course Numbering System (TCCNS). While most Texas institutions participate in the TCCNS, numbering between all institutions is not identical. Many universities develop a course numbering system unique to their institution and designate TCCN equivalencies to their unique course numbers. This does not affect transferability of ACC coursework.

\*\*It is strongly recommended that students complete both government semesters at one institution to ensure transferability for the legislative 6-hour requirement in government.
