THIS CLASS

Class meets Mondays & Wednesdays, 12 – 1:20 pm at South Austin Campus (SAC) Room 1318 (3rd floor)

- The first day of class is Monday, August 22nd.
- You are expected to arrive on time and to stay for the entire class.

SOME BASICS of CLASSROOM ETIQUETTE

In order to ensure respect for the rights of everyone in class:

- > Students who chronically disrupt the class by arriving late or leaving early will be withdrawn from the class.
- ▶ If there is a day when you cannot make it to this class on time, you can attend my other class, which meets from 9
 − 10:20 am in this same classroom. Example: if you have a doctor's appointment during this class time.
- > Recording lectures is permitted. Set your recording device at the front of the classroom on the desk.
- Use of cell phones, smart watches, tablets, text messaging, etc. is <u>not permitted</u>.
- All electronic devices must be turned to "silent" and stowed where you cannot see them for example, in a backpack or purse.
- ➤ <u>Use of computers in the classroom is not permitted.</u> Current research on use of computers during a lecture course concludes that use of computers does not enhance learning and, in fact, impedes learning. Whereas these technologies can without a doubt serve as useful "learning tools," they tend at the same time to function as forms of digital distraction that prevent students from remaining fully "present" in the classroom. Therefore, use of computers in the classroom is not permitted.
- Taking notes is required. Taking notes helps you to be present and engaged in the class, it enhances your learning of the course material, and it is a useful and transferable skill.
- ➤ Use of food, tobacco, smoke, &/or vapor products in class is not permitted. Covered drinks are OK.

THIS COURSE

COURSE OBJECTIVES & RATIONALE

This course will acquaint you with the basic processes of United States History from the later Middle Ages to 1877, using a textbook, classroom instruction, historical documents, and multimedia methods.

By taking this course, you can expect to improve or enhance your reading competencies and critical thinking skills. These are skills that are transferable to subsequent courses, to courses in other disciplines, and to life outside of academia.

- > This is primarily a **lecture course**, but I expect and encourage class participation.
- This course emphasizes analytical reading and analytical thinking skills and historical research methods.
- The Texas legislature requires students to take 6 hours of American history to graduate from a public institution of higher learning in Texas. A grade of C (some universities <u>may</u> require only a D) or better in this class partially fulfills that legislative requirement.
- You are expected to read the relevant textbook chapter before class (see the Course Schedule below)
- For common course objectives, see the ACC History Dept website, http://www.austincc.edu/history/

COURSE ORGANIZATION

This course is divided into units, with each unit covering 3 to 5 textbook chapters.

- For each chapter/unit, there are study questions in a document entitled "Study Guide".
- I distribute the Study Guide on the first day of class and it is also available to download from Blackboard and from my website.
- At the end of each unit, an examination will be administered in class.
- > The exam questions will be taken from class lecture and the Study Guide questions.

WITHDRAWING FROM THIS COURSE - Deadline is 11:59 pm on November 17th

If you find that you are unable to successfully meet the course requirements, you should consider withdrawing from the course to avoid any possibility of being assigned a failing grade.

I will withdraw students who are disruptive. Disruptive behavior includes, but is not limited to, chronic tardiness. Students who disrupt the class by interfering with the free and respectful exchange of ideas will be withdrawn from the class.

For all other reasons, you (student) are responsible for withdrawing from the course, should you choose to do so.

- > A "withdrawal" appears as a "W" on your transcript.
- A "withdrawal" does not affect your Grade Point Average (GPA) however, there MAY be negative academic or financial aid consequences if you withdraw or if you withdraw from too many courses.
- ➤ BEFORE you consider withdrawing, read the state law information ("Six-withdrawal Limit") on withdrawals from Texas public colleges/universities, at http://www.austincc.edu/apply-and-register/registration-steps/drop-or-withdraw-from-a-class
- Withdrawal is accomplished by completing a withdrawal form <u>online</u> at the "Online Services" web page (http://www.austincc.edu/onlineservices/).
- It is your responsibility to complete the withdrawal process by the deadline.
- > You can withdraw BEFORE Nov 17th. You can withdraw ON Nov 17th (until 11:59 pm).

For students with disabilities, ACC is committed to providing an equal opportunity to access benefits, rights, and privileges of college services, programs, and activities in compliance with state and federal law.

- Students are encouraged to do this before the semester begins.
- > I cannot offer any accommodations for you in this course until you submit the official ACC Accommodations Form to me, signed by SAS staff.

YOUR RIGHT TO PRIVACY

In compliance with the Family Education Rights and Privacy Act of 1974 (FERPA), I will not give information concerning your grades, academic progress, or attendance to anyone (including your parents). In addition, I will not give grade information over the phone.

- If there are any problems or issues, you need to speak with me or correspond with me yourself.

NOTE: ACC makes your "Directory Information" (name, address, phone number, birthdate, and other information) available to the public without your consent, unless you specifically request in writing that this information NOT be publicly available.

For more information, and for instructions on how to <u>restrict public access</u> to your Directory information visit: <u>http://www.austincc.edu/ferpa</u>

- You are encouraged to ask questions. there are no "stupid" questions and you will not be ridiculed for asking questions.
- > Students who disrupt the class by interfering with the free and respectful exchange of ideas will be withdrawn from the class.

HIGH SCHOOL STUDENTS TAKING THIS COURSE

This is a college course and all students enrolled in this course are considered college students.

- Because this is a college course, you are expected to have college-level reading comprehension and vocabulary, college-level writing ability, and the ability to plan and organize your workload the same as the non-high school students in this class.
- > Regardless of your age or high school status, when you are enrolled in a college course, your privacy is protected by the *Family Education Rights and Privacy Act of 1974*,
- Unless there is an emergency, I will not communicate with your parents, guardians, or high school personnel.
- If there are any problems or issues, you need to speak with me or correspond with me yourself.
- All sections of this syllabus and orientation pertain equally to all students in this course, regardless of age or educational (i.e., high school) status.

<u>IMPORTANT:</u> withdrawing from this course, or earning a failing grade in this course MAY impact your high school graduation timetable and/or your high school class rank. Contact your high school counselor if you're considering withdrawing or if you're at risk of failing the course.

ACADEMIC INTEGRITY

Acts of academic dishonesty/misconduct undermine the learning process, present a disadvantage to students who earn credit honestly, and subvert the academic mission of the institution. Acquiring fraudulent credentials through cheating is problematic for employers and institutions beyond ACC - who rely on ACC to certify a student's academic achievements, and expect to benefit from the claimed knowledge and skills of the graduate.

For these, and other moral and ethical reasons, academic/scholastic dishonesty will not be tolerated.

<u>WARNING</u>: Any act of academic dishonesty will result in you immediately receiving the grade of "F" for the course.

You are responsible for knowing the course requirements and course policies – so READ THIS POLICY CAREFULLY. Contact me if there is anything you don't understand or if you have any questions.

ACADEMIC DISHONESTY

Academic dishonesty is defined as **fraud**, **deceit**, **or dishonesty in an academic endeavor**.

Academic dishonesty includes:

- > Communicating exam information to, asking for, or receiving such information from another;
- Using, attempting to use, or assisting others in using materials that are prohibited during an exam, including (but not limited to): cellphones, books, Web sites, prepared answers, written notes, scratch paper, or other concealed information:
- Allowing others to do one's exam or assignment or a portion of one's exam or assignment;
- Using a commercial term paper or paper-writing service;
- Acquiring written work that is not your own, and then submitting it as your own;
- Posting copyrighted course material with public access, on the Internet, on sites such as Study Blue or Quizlet (all material in this course is copyrighted)

PLAGIARISM

Plagiarism is defined as using another's work (whether printed, electronic, or spoken) without crediting* the person, or copying so many words or ideas from a source that it makes up most of your work, whether you give credit or not.

Plagiarism includes:

- submitting someone else's work as your own;
- copying words or ideas from someone else without giving credit*;
- paraphrasing words or ideas from someone else without giving credit*;
- > failing to put a quotation in quotation marks;
- > giving incorrect information about the source of a quotation with the intention of deceiving;
- > changing words but copying the organization and structure of a source without giving credit;
- > copying so many words or ideas from a source that it makes up most of your work, whether you give credit or not

AVOIDING PLAGIARISM

To help avoid plagiarism:

- read over your source, then close the book (or close the browser if it's online).
- > THEN write notes about what you've read.
- This will help to ensure that you're not copying or completely paraphrasing your source.
- > Using quotes and Paraphrasing are ok to do but on a **VERY limited basis**.
- > You cannot paraphrase entire paragraphs or sections of your paper because then it wouldn't be YOUR work.
- ➢ IF YOU ARE UNSURE whether or not your actions constitute plagiarism, ASK me BEFORE you submit your work.

*"Giving credit" means citing the source of your information. In History, this is usually done using a footnote. If you use material from a website, book or other source, you must give credit to that author by citing the source in a footnote. Contact me for assistance with footnotes. Also, see the "Research Assistance" section of my website homepage for examples of footnotes, bibliography, outline, etc.

For more information on policies concerning student rights and responsibilities, see the ACC Catalog & Student Handbook, http://www.austincc.edu/catalog

YOUR GRADE & HOW YOU EARN IT

The quality and quantity of the work you do determines your final grade.

NOTE: There is NO "extra credit" in this class and you CANNOT use the book analysis as "extra credit".

Your grades are displayed in the "My Grades/Tools" LINK on our class page in Blackboard.

Your FINAL COURSE GRADE is calculated as follows:

For the grade of "A", there are TWO requirements:

- 1. An overall average of 87% or above after taking the 4 UNIT Exams and the Map Test.
- **2.** an accepted **BOOK ANALYSIS** submitted by **12 NOON on Friday, December 9th**. See all details in the Book Analysis Assignment handout or the LINK in Blackboard.

NOTE: If you have an87% or above average but you do **NOT** submit an acceptable Book Analysis by the deadline, **you will not be able to earn an A in this course.** You will earn a B.

For the grade of "B", you will have an overall average of 80 – 89% after taking the 4 UNIT exams and Map Test.

There are NO writing assignments for a B.

For the grade of "C", you will have an overall average of 70 – 79% after taking the 4 UNIT Exams and Map Test.

There are NO writing assignments for a C.

For the grade of "D", you will have an overall average of 60 – 69% after taking the 4 UNIT Exams and Map Test.

There are NO writing assignments for a D.

NOTE: A grade of D does NOT fulfill the state requirement for U.S. History for <u>most</u> college or university degrees, so if you earn a D you will likely have to take the course again in order to graduate (from a public college or university in Texas).

For the grade of "F", you will have an overall average below 60% after taking the 4 UNIT Exams and Map Test.

NOTE: A grade of F does NOT fulfill the state requirement for U.S. History, so if you earn an F you will have to take the course again in order to graduate (from a public college or university in Texas).

NOTE TO HIGH SCHOOL STUDENTS: A grade of "F" MAY impact your high school class ranking and/or your ability to graduate on time.

For the grade of "I" ("Incomplete"), there are THREE requirements. You

- must have a medical excuse signed by a physician, sent to Dr. Thomas no later than Monday, Dec 5th. AND
- must have <u>completed and passed at least 3 UNIT exams</u> before being eligible for an "Incomplete". (A passing grade is 70% or more.)
 AND
- 3. must sign and date an "Incomplete" Form, provided by Dr. Thomas

IMPORTANT: If an "incomplete" is not completed by April 1, 2023, the "I" will <u>automatically become an "F" on your transcript</u>. It is YOUR responsibility to complete the course in time to avoid the "F".

EXAMS

MAP TEST

- > The Map Test is 30 questions, multiple choice.
- It will be given in class on Wednesday, February 2nd.
- For the Map test, all you need to bring to class is something to write with (e.g., pencil, pen)
- You'll have 35 minutes to complete the exam. (Most students complete the exam within 20 minutes.)
- > For all other Map Test details, see the Study Guide.

UNIT EXAMS 1 through 4

- There are 4 Unit Exams. Each exam covers 3, 4 or 5 chapters (see chart below).
- Unit Exams are each 30 questions, multiple choice.
- You will have 40 minutes to complete each Unit Exam (Most students complete them within 30 minutes)
- You are required to take all exams in order to receive a grade for the course.
- The exam questions are based on class lectures and the Study Guide questions for each Unit.
- Answers to the Study Guide questions are found in the textbook.
- Exams are graded on a numbered scale with 100% being the highest grade, and anything below 60% considered a failing grade. Each question on an exam is worth 3.33 points.
- Your Exam score is posted in Blackboard and remains there for the entire semester.
- Your score will be displayed in Blackboard as the percent of questions that you answered correctly, out of 100%.
- Failure to take an exam on the scheduled exam date results in a zero for that exam unless the absence is due to a serious, documented, medical issue or other exceptional circumstance. (see "Make-up Exam" below).

WHAT IS COVERED ON EACH UNIT EXAM?

Exam questions are based on Class lectures and Study Guide questions. There are *about* 15 Study Guide questions for each chapter. The following table gives you the chapters that are included in each UNIT – and the date the exams will be given (in class).

EXAM	DATE
Map Test (see Study Guide)	Sept 7th
UNIT 1 (covers Chapters 1 – 5)	Sept 21st

HINTS, TIPS & ADVICE

- PREPARE FOR CLASS: Read the relevant textbook chapter BEFORE class (see the schedule below) so that you are ready to learn and prepared to contribute to class discussion.
- **TEST-TAKING**: Read each question very carefully and completely; know what the question is asking. Read *each* response. Eliminate responses that you *know* are wrong. When you have completed the exam, go over it again and verify your answers. Answer the questions you *know* first, then go back and answer the rest. Answer every question, even if you have to guess.
- <u>BOOK ANALYSIS ASSIGNMENT</u>: Proofread your typed assignments for typos, misspellings, incorrect grammar, etc. These types of errors seriously detract from the quality of your writing assignment and may result in a "not accepted" grade. Read and follow the assignment instructions.
- > <u>STUDY GROUPS</u>: When possible, get together with 2 3 other students and form a study group. Work together to complete the <u>Study Questions</u>, compare answers, quiz each other. Study groups are a proven, effective means of attaining success in a course.
- **POWERPOINT SLIDES:** These are <u>posted to my website</u> after class. I encourage you to review them and to review your class notes at least once a week. Highlight key words and phrases in your notes.
- > <u>SPECIAL NEEDS</u>: Please inform me in advance if you require a special testing or other in-class accommodations. Request these accommodations during the first week of the semester.
- ➤ <u>YOUR PROFESSOR</u>: Do not hesitate to consult with me if you have any questions, concerns or uncertainties. Call or stop by during office hours, make an appointment, or email at any time. Seek help *early* in the semester; don't wait until the end of the semester to ask for help.
- ➤ HISTORY TUTORS: ACC Campuses have Learning Labs, where you can go to get help with your courses. The Learning Labs offer help with many subjects, including HISTORY. If you need any help with this course, I'm happy to help you but I also recommend that you consult with a <u>History tutor</u>. The Learning Lab at South Austin Campus is located on the first floor in Room 1138 but you can visit ANY ACC campus Learning lab for help. View the Learning Lab locations and hours and the tutoring schedule at: https://www.austincc.edu/students/learning-lab
