Austin Community College Children’s Lab School
Criminal Conviction Statement for Child Development Lab Students

The Minimum Standards for Day Care Centers, published by the Texas Department of Protective and Regulatory Services (TDPRS), determine an employee or volunteer’s (including lab students) eligibility to participate regularly in a child care setting (whether or not they are counted in the staff-child ratio). The eligibility standards include the completion of the following Criminal History Statement and a subsequent criminal background check conducted by TDPRS.

A person with a felony conviction under the Texas Penal Code (TPC) Title 5-8 as listed on the attached page of this form (or any like offense under the law of another state or federal law) or a sustained finding of physical or sexual abuse that meet a preponderance of the evidence standard is permanently barred from being present in a child care center while children are in care. A person with a misdemeanor conviction under the above Titles of TPC; with other findings of child abuse or neglect that meet a preponderance of the evidence standard; with a felony or misdemeanor conviction under Chapter 49 of Title 10 or under the Texas Controlled Substance Act within the past ten (10) years; or with any other felony conviction under any other title of the TPC within the past ten years may not be present in a child care setting while children are in care unless it is determined by the TDPRS that the person does not pose a risk to the health and safety of the children. This is done through a risk evaluation process involving the director, the student and TDPRS. No student will be permitted to remain in a Child Development course that requires laboratory experiences in a child care center if they do not meet these requirements.

In addition to this statement, an Affidavit for Applicants for Employment with a Licensed Facility or Registered Family Home form must also be completed and notarized. Both forms must be completed prior to beginning lab. The information provided will be submitted for a background check through TDPRS. Misrepresenting the information on either form may result in termination of employment from ACC.

Child Development Students are expected to complete the following form honestly, understanding the seriousness of the requirements listed. A student who willfully misrepresents the information on this form will be withdrawn immediately from all Child Development coursework requiring laboratory experiences in a child care setting and may be subject to the ACC student disciplinary policy outlined in the Austin Community College Student Handbook.

It is expected that students who are employed in a licensed child care center or family day home and who will complete their laboratory experiences at their place of employment have already met these requirements. Students completing lab at their own work site must check and complete the information next to the last box below only and sign the form.

Please Initial Each Box:
