The Board’s primary areas of responsibility are financial planning, senior colleges and universities, community colleges and continuing education, health affairs, student services, and campus planning.

Note to the Fact Book

Reports in this Fact Book are based upon the best data available at the time the report was produced. During the FY1999 school year, ACC converted the student system to a new software system.

Valid comparisons of data prior to Fall 1999 to current data cannot be made due to incompatibilities between the old and new student databases and changes in ACC’s academic organization.
