

# Rep 4 – Male Genital Organs

## Internal Organs

- A. testicle
- B. epididymis
- C. internal and external coat of a testicle
- D. spermatic cord
- E. seminal vesicle
- F. prostate

## External Organs

- G. penis
- H. scrotum

### A. Testicle

- 1. posterior margin
- 2. anterior margin
- 3. superior pole
- 4. inferior pole

### B. Epididymis

- 5. head of epididymis
- 6. body of the epididymis
- 7. tail of the epididymis
- 8. lobules of epididymis
- 9. canal of the epididymis

### C. Internal and External Coat of a Testicle

- 10. Internal coat of a testicle
  - a. cavum serosum testis

- 11. cremaster muscle
- 12. external coat of a testicle
- scrotum 13 + 14**
- 13. dartos
- 14. external membrane

### D. Spermatic cord

- 15. spermatic duct
- 16. pampiniform plexus
- 17. testicular artery

### E. Seminal vesicle

- 18. excretory duct

### F. Prostate

- 19. colliculus seminalis
- 20. ejaculatory duct

### G. Penis

- 21. bulbo-urethral gland
- 22. urethra masculine
  - a. intra-bulbar fossa
  - b. portio intermedia
  - c. navicular fossa
  - d. external urethral orifice
- 23. corpora cavernosa penis
  - a. deep artery of the penis
- 24. septum penis
- 25. corpus spongiosum penis
- 26. bulb of the penis
- 27. fascia penis profunda
  - a. deep dorsal vein of the penis
  - b. dorsal artery of the penis
- 28. prepuce
- 29. frenulum of the prepuce
- 30. glans
- 31. corona glandis
- 32. collum glandis

### H. Scrotum

- 33. septum scroti

## BONES & CARTILAGES

- 34. pubic bone
- 35. pubic symphysis
- 36. ischium

# Rep 4 – Male Genital Organs

37. ilium

## **MUSCLES & TENDONS**

- 38. rectus abdominis muscle
  - a. sheath of the rectus abdominis
- 39. linea alba
- 40. inguinal canal
- 41. superficial inguinal ring
- 42. internal abdominal ring
- 43. fundiform ligament of the penis
- 44. obturator externus muscle
- 45. obturator internus muscle
- 46. fascia obturatoria
- 47. origins of the adductor muscles
- 48. levator ani muscle
- 49. sphincter ani externus
- 50. sphincter ani internus
- 51. sphincter urethra
- 52. urogenital triangle
- 53. ischio-cavernosus muscle
- 54. bulbo-cavernosus muscle
- 55. femoral artery

## **ARTERIES, VEINS AND NERVES**

- 56. femoral vein
  - a. internal epigastric artery
- 57. internal pudendal artery
  - a. inferior epigastric vein
- 58. internal pudendal vein
- 59. internal pudendal vein
- 60. pudendal nerve

## **BLADDER**

- 61. body
- 62. apex
- 63. middle umbilical ligament
- 64. peritoneum
- 65. muscles of a vesicle
- 66. interureteric fold
- 67. ureteral orifice
- 68. ureter
