

# SS5 – Eye Model

## Extra-Ocular Muscles

- i. superior rectus
- ii. inferior rectus
- iii. medial rectus
- iv. lateral rectus
- v. tendon of superior oblique
- vi. inferior oblique

### A. Fibrous layer of eyeball

1. cornea
2. sclera

### B. Vascular layer of eyeball

3. iris with pupil
4. ciliary muscle
5. corona ciliaris
6. choroid
7. ciliary nerves
8. vorticosse vein
- 8a. ciliary arteries

### C. Inner layer of eyeball

9. retina
10. ciliary part of retina
11. retinal arterioles
12. retinal venules
13. macula and fovea centralis
14. optic disc
15. lens
16. vitreous body
