Adult Education Overview

Austin Community College has served as the primary sponsor of the Adult Education Program of the Travis County Co-op since September 1973. The program is funded annually and evaluated by the Texas Education Agency (TEA). The federal portion of the funding is provided by the US Department of Education through TEA. The state portion of the funding is provided by the State of Texas. Local funding is also provided by Austin Community College. Representatives from Austin Independent School District, Travis County Corrections, WorkSource, the Housing Authority City of Austin, and other adult and family literacy providers throughout Travis County, act as an advisory committee in accordance with TEA guidelines.

Programs

The Adult Education Program includes the following components:

1. *Adult Basic Education* (ABE) programs are provided for adults whose reading, writing, and arithmetic skills are below the ninth-grade level. These classes, which consist of both self-paced and group instruction, are also part of the entry component of adult secondary or GED preparation.
2. *General Education Development* (GED) classes are offered for adults whose high school education was interrupted. These classes cover five areas: writing, social studies, science, reading, and math. GED classes are designed to assist students in preparing for the GED Exam and to offer life and job readiness skills.
3. *English-as-a-Second Language* (ESL) classes are provided for adults whose native language is not English.

The following programs are specially funded through Adult Education and are designed for special populations:

1. The *Adult Education for Corrections and Institutions* program provides Adult Basic Education, ESL and GED preparation classes for inmates of city and county correctional facilities (e.g., Travis County Probations and Travis County Correctional Complex in Del Valle).
2. The *English Literacy & Citizenship/Naturalization* program provides civics classes that prepare immigrants for US citizenship and essential life skills in the multi-cultural American community. These classes are a direct complement to the Adult Education GED social studies preparation and ESL classes.

¹ In Academic Year 2002-03, ACC decided to decrease the number of students served in order to provide better services. Another reason for the reduced number of students served was due to the loss of the Austin Learning Academy and Garza High School.

² Participants include all individuals served who attended an initial orientation of the ABE, GED, or ESL program.

³ Completers include only students reported according to TEA guidelines (e.g., students who completed all required assessments and 12 instructional contact hours in the ABE, GED, or ESL program).

NOTES: Identification of Adult Education participants and completers was refined in AY03. The former identification process, Literacy Pro (an internal student tracking system), counted everyone. ACES (a state tracking system) is now the current identification process and gives credit only for students with 12 instructional contact hours or more.
