Adult Education Overview

Austin Community College has served as the primary sponsor of the Adult Education Program of the Travis County Co-op since September 1973. The program is funded annually and evaluated by the Texas Education Agency (TEA). The federal portion of the funding is provided by the US Department of Education through TEA. The state portion of the funding is provided by the State of Texas. Local funding is also provided by Austin Community College District.

Programs

The Adult Education Program includes the following components:

1. English-as-a-Second Language (ESL) Programs

English-as-a-Second Language (ESL) provides basic language skills classes for adults whose native language is not English.

The *English Literacy & Citizenship* program provides English language and civics instruction in order to prepare immigrants for US citizenship and essential life skills in the multicultural American community.

The *Adult Education for Corrections and Institutions* program provides ESL preparation classes for inmates of city and county correctional facilities (Travis County Correctional Complex in Del Valle).

Vocational English as a Second Language (VESL) programs combine occupationally specific training with English language support. The flagship program is the popular collaboration with Continuing Education for ESL /Certified Nurse Aide.

2. Adult Basic Education Programs

General Adult Basic Education (ABE) classes are provided for adults whose reading, writing, and arithmetic skills are below the ninth-grade level. These classes, which consist of both self-paced and group instruction, are also part of the entry component of adult secondary or GED preparation.

Basic Literacy and Students with Learning Differences. Wilson Reading Program instruction is available in ABE beginning/literacy level classes. Wilson is a systemized reading curriculum that targets persons with encoding and/or decoding deficits, including those with dyslexia.

ESL transition to ABE classes provide higher level reading and writing instruction to second language learners (with the goal of obtaining a GED) before they move to a more content-focused ABE/GED class.

General Education Development (GED) classes cover five areas: writing, social studies, science, reading, and math. GED classes are designed to assist students in preparing for the GED Exam and to offer life and job readiness skills.

Adult Education Overview (continued)

ABE/GED for the Deaf and Hard of Hearing. Courses are designed for deaf and hard of hearing students. The curriculum integrates ESL and ABE/GED materials/techniques to assist students' acquisition of academic English and aid their understanding of the five GED content areas. Instruction is highly visual and taught in American Sign Language.

The *GED Academy* is a short-term, intensive, subject-focused preparatory course. The Academy is designed to give students who have passed at least 3 of the five official GED exams and are close to completing the remainder with an extra boost in Writing and/or Math. Both classes integrate T-COM review materials in order to allow students to glimpse what will be required in college.

3. College Readiness Programs

The *Capital Idea THEA Academy* is a long-time partnership with Capital Idea. This program is part of a long-term ESL, GED, College Readiness, and College training pipeline.

Adult Education pursues grant funding from the Texas Education Agency and The Higher Education Coordinating Board to run various college readiness programs.

Adult Education conducts "College Connection" events in order to recruit Adult Education students into college programs.
