**Classroom Rules:**
ACC college rules state that food and drink are not allowed in classroom. Children are also not allowed in the classroom.

**Use of ACC Email**
All College e-mail communication to students will be sent solely to the student’s ACCmail account, with the expectation that such communications will be read in a timely fashion. ACC will send important information and will notify you of any college related emergencies using this account. Students should only expect to receive email communication from their instructor using this account. Likewise, students should use their ACCmail account when communicating with instructors and staff. Information about ACCmail, including instructions on setting up an account, can be found at [http://www.austincc.edu/accmail/](http://www.austincc.edu/accmail/) NOTE: Please include your full name, ACC ID number, Course title and section when emailing your instructor, the Department Chair, or staff.

**Attendance Requirements:**
A student at Austin Community College is expected to attend classes in order to progress satisfactorily toward completion of course objectives. Because objectives can vary from department to department and from course to course, individual CRJ instructors shall inform the student in writing of their specific course objectives, attendance policies, instructor office hours, and course grading policies at the first class meeting with a “First Day Handout”. A student who is not meeting course objectives may be withdrawn from the course at the discretion of the instructor. It is the student’s responsibility to consult with instructors and seek support services when course objectives cannot be met. The student may appeal instructor withdrawals within 10 days.

**Withdrawal Policy**
The College defines withdrawals as occurring after the official reporting date of the semester, typically the 12th class day. In addition, the Legislature has mandated the Rule of Three and the Rule of Six.

You may withdraw from a class at any time before the withdrawal deadlines published in the academic calendar. Dropping out of class or notifying the instructor does not constitute authorized withdrawal.

Students may withdraw from one or more courses prior to the withdrawal deadline by submitting a request form to Admissions and Records. Withdrawal courses appear on the student’s record with a grade of W.
Until a student is officially withdrawn, the student remains on the class roll and may receive a grade of F for the course. NOTE: It should be understood that it is the student’s responsibility and not the instructors’ to drop a course. A student that discontinues coming to class and fails to drop a course is subject to receiving a final, permanent grade of “f”.

Students are responsible for understanding the impact withdrawing from a course may have on their financial aid, veterans’ benefits, international student status, and academic standing. Students are urged to consult with their instructor or an advisor before making schedule changes.

- **Rule of Three**
  Students who enroll for the third or subsequent time in a course taken since Fall, 2002, may be charged a higher tuition rate, for that course.

- **Rule of Six**
  Per state law, students enrolling for the first time in Fall 2007 or later at any Texas college or university may not withdraw (receive a W) from more than six courses during their undergraduate college career. Some exemptions for good cause could allow a student to withdraw from a course without having it count toward this limit. Students are encouraged to carefully select courses; contact an advisor or counselor for assistance.

**Appealing an Instructor-Initiated Withdrawal**

A student may appeal an instructor-initiated course withdrawal in writing immediately upon notification by the instructor or within five business days after postmark of the college notice of withdrawal. The written appeal shall be made initially to the course instructor, who will respond in writing within five business days. The student may appeal the instructor’s decision within five business days to the appropriate department chair, then the dean, whose decision will be final. The student may attend class, submit assignments, and take tests for grading through the final disposition of the appeal unless there are established course or program guidelines that would prohibit the student from returning to class.

**Incompletes:**

Instructors may award a grade of “Incomplete” when students fail to complete all course requirements. When doing so, instructors will complete an “Incomplete Form” and forward to the department chair. If the student then completes the work in the required time frame, the instructor will be responsible for contacting the department chair with the new grade information. NOTE: Students, who fail to successfully complete the required course work within the timeframe allowed, will automatically have the “Incomplete” changed to a final grade of “F.”
Scholastic Dishonesty:
Acts prohibited by the college for which discipline may be administered include scholastic dishonesty, including but not limited to cheating on an exam or quiz, plagiarizing, and unauthorized collaboration with another in preparing outside work. Academic work submitted by students shall be the result of their thought, research or self-expression. Academic work is defined as, but not limited to tests, quizzes, whether taken electronically or on paper; projects either individual or group; classroom presentations, and homework” (Refer to Student Handbook for details).
NOTE: STUDENTS MAY BE DISMISSED FROM THE COURSE AT THE DISCRETION OF THE INSTRUCTOR FOR SCHOLASTIC DISHONESTY.

Academic Freedom:
Institutions of higher education are conducted for the common good. The common good depends upon a free search for truth and its free expression. Hence it is essential that faculty members at Austin Community College be free to pursue scholarly inquiry without unreasonable restriction, and to voice and publish their conclusions without fear of institutional censorship or discipline. They must be free from the possibility that others of differing vision, either inside or outside the college community, may threaten their professional careers. The concept of academic freedom in Austin Community College is accompanied by an equally demanding concept of responsibility, shared by the Board of Trustee, administration, and faculty members.

The essential responsibilities of the Board of Trustees and administrators regarding academic freedom are set forth in the Criteria for Accreditation, adopted by the Southern Association of Colleges and Schools, as updated and revised.

In the classroom or in college-produced telecommunications, faculty members should strive to be accurate, to exercise appropriate restraint, and to show respect for the opinions of others. In addition, instructors should be judicious in the use of material and should introduce only material that has a clear relationship to the subject field.
Student Discipline:
Austin Community College students are recognized as responsible persons who neither lose the rights nor escape responsibilities of citizenship. Enrollment in the College indicates acceptance of the rules set forth in Administrative Rule 4.02.010 concerning disciplinary action. Due process through an investigation and appeal process is assured to any student involved in disciplinary action.

Student’s Freedom of Expression:
Each student is strongly encouraged to participate in class. In any classroom situation that includes discussion and critical thinking, there are bound to be many differing viewpoints. These differences enhance the learning experience and create an atmosphere where students and instructor alike will be encouraged to think and learn. On sensitive and volatile topics, students may sometimes disagree not only with each other but also with the instructor. It is expected that faculty and students will respect the views of others when expressed in classroom discussions.

Statement on Students with Disabilities
Each ACC campus offers support services for students with documented disabilities. Students with disabilities who need classroom, academic or other accommodations must request them through the office of Student Accessibility Services (SAS). Students are encouraged to request accommodations when they register for courses or at least three weeks before the start of the semester, otherwise the provision of accommodations may be delayed.

Students who have received approval for accommodations from SAS for this course must provide the instructor with the ‘Notice of Approved Accommodations’ from SAS before accommodations will be provided. Arrangements for academic accommodations can only be made after the instructor receives the ‘Notice of Approved Accommodations’ from the student.

Students with approved accommodations are encouraged to submit the ‘Notice of Approved Accommodations’ to the instructor at the beginning of the semester because a reasonable amount of time may be needed to prepare and arrange for the accommodations.

Additional information about Student Accessibility Services is available at http://www.austincc.edu/sas

CRJ Department Web Page
Students are encouraged to review the department’s web page at http://www.austincc.edu/crij/ where valuable information concerning the criminal justice program may be found. Several other useful URL sites are also listed.
**Counseling**
Many educational and employment concerns of students may be answered by their course instructor. If additional counseling is needed, students are encouraged to contact the CRJ Department Chair for assistance. The CRJ Department Chair is located at the Cypress Creek Campus, room: 2204.5, Phone: 223-2082, E-Mail: gwhil@austincc.edu

**Safety Statement**
Austin Community College is committed to providing a safe and healthy environment for study and work. You are expected to learn and comply with ACC environmental, health and safety procedures and agree to follow ACC safety policies. Additional information on these can be found at http://www.austincc.edu/ehs. Because some health and safety circumstances are beyond our control, we ask that you become familiar with the Emergency Procedures poster and Campus Safety Plan map in each classroom. Additional information about emergency procedures and how to sign up for ACC Emergency Alerts to be notified in the event of a serious emergency can be found at http://www.austincc.edu/emergency/.

Please note, you are expected to conduct yourself professionally with respect and courtesy to all. Anyone who thoughtlessly or intentionally jeopardizes the health or safety of another individual will be dismissed from the day’s activity, may be withdrawn from the class, and/or barred from attending future activities.

You are expected to conduct yourself professionally with respect and courtesy to all. Anyone who thoughtlessly or intentionally jeopardizes the health or safety of another individual will be immediately dismissed from the day’s activity, may be withdrawn from the class, and/or barred from attending future activities.

**Testing Center Rules**
It is the student’s responsibility to obtain, read and be thoroughly familiar with ACC Testing Center Rules prior to taking exams at the center. Violation of these rules is very serious and may result in disciplinary action. Do NOT bring cell phones to the Testing Center. Having your cell phone in the testing room, regardless of whether it is on or off, will revoke your testing privileges for the remainder of the semester. ACC Testing Center policies can be found at http://www.austincc.edu/testctr/
